

AC-1100 Oval Proximity Reader

PRODUCT INFORMATION

The **AC-1100** is an RS485 proximity reader with a read range of up to 12cm. The reader outputs the card data in wiegand 34 or 26 bit format and connects via RS485 cable to the AC-3114 or AC-4101 System Controller.

Technical Specification

Mechanical

Housing: UV resistant ABS plastic with fully encapsulated electronics

Size: 120mm x 45mm x 25mm

Weight: 100g nominal

Mounting: 2 screws (supplied)

Environmental

Operating Temp: -20°C to +60°C

Humidity: 100% RHNC

Electrical

Voltage: +12vdc

Current: 250mA Max

Data Output: Wiegand 34 or 26 bit

Indication: Tri-colour LED and buzzer

Approvals

CE, FCC, ROHS Compliant
